Cat-astrophe!

Actually, it was a pleasant turn of events Nov. 15, when the Allstate Readiness Series presented 'Pet Safety During Catastrophes' at the Middle Country Public Library's Scales & Tails Pet Education and Information Fair. Nancy Lynch (center), president of the Pet Safe Coalition Inc., gave an overview of what pet owners need to know to keep their furry friends safe if disaster strikes, while Inez Birbiglia (left), chairwoman of the Allstate Foundation, and Library Director Sandra Feinberg lent a paw ... er, hand ... to the presentation.
